POWER CLEAN

LIQUID LAUNDRY
SUPER CONCENTRATE

Introduction

POWER CLEAN was created to be a Premium super concentrated liquid laundry for a superior wash backed by quality, value for money, space saving, accurately measurable doses that protect not only your clothes and linens, but also your washing machine and septic tanks.

Why choose POWER CLEAN?

- Premium - super concentrated liquid laundry
- for domestic and commercial use
- potentially Australia's most concentrated liquid laundry
- contains 5 different types of enzymes for exceptional grime removal
- Front and top loader compatible
- hot and cold water compatible
- advanced optical brightener for colour vibrancy
- suitable for all white and colour fast laundry
- space saving - 5 Litres cleans as much as 40 litres of standard liquid laundries and provides over 330 standard washes
- lingering fragrance
- only 15mls per 10kg standard wash
- easily measurable and dispensed options available
- no fillers that are often found in powders
- no fillers means no abrasives for your washing machines protection and longevity.
- septic safe - no fillers means no clumping in septic systems, reducing oxygen and killing healthy bacteria required for break down of solids.
- readily biodegradable
- non-toxic
- safe and easy to use.

POWER CLEAN

LIQUID LAUNDRY
SUPER CONCENTRATE

POWER CLEAN is a fragrant liquid laundry that combines the washing power and economy of a powder, with the convenience of a liquid!

POWER CLEAN can clean all types of clothes and linens:

- Power clean is safe to use on all types of linens and clothes including woolens and fragile fabrics.
- Environmentally friendly raw material choices for this product have proven to be gentle on all materials and yet powerful enough for real quality results.

DIRECTIONS:

How to use: The quantity required will vary depending on the amount and type of soiling.

*Use the table below as a guide.

For Large clothing standard soiling 15mls to 10Kg wash

For Small clothing loads 2-4Kg - 10ml per wash

For heavily soiled loads, heavy grease or grime, apply some detergent directly to the stain, rub together and add to wash.

Hang out clothes to dry. If clothes are brought in just as drying is complete, no fabric softener is required.
